

October 14, 2009

Dear Friends:

This school year ACPE Federal Credit Union, along with other sponsors, is launching a new school recognition program – Super Heroes Club. This program is designed to identify and publicize those persons working within the school system who have made a significant and life-changing impact on the life of a student or group of students/parents. Teachers naturally come to mind; however, the individual may be a bus driver, custodian, teacher's aid, cafeteria worker, clerical staff, nurse, or some other position which supports and encourages the students.

Twice a month beginning in October, one nominated adult will be selected by school from the group of nominees suggested by students/parents for recognition of their accomplishments and contributions to those students. Funds provided by ACPE will be donated to the organization of the adult's choice. More than one organization may receive funds from a single selection.

The purpose of this program is to recognize individuals making a difference in students' lives as well as provide funds to worthy student or other organizations.

Program Parameters:

- Student-nominators must attend classes in any of the Albany County schools.
- Nominations are made using the attached nomination form.
- The nomination form will require a signed release from the student and one of the student's parents, authorizing the use of information provided on the nomination form.
- Donations will be made by ACPE Federal Credit Union with acknowledgement to the selected individual.
- The selected person, nominating student, and other nominees from the same school will be recognized in the Laramie Daily Boomerang (Space donated by the Boomerang).
- Nominations will be accepted throughout the school year and, if the school has already been chosen for honoring, the nomination will be held over to be considered during the following year.
- Prior winners will not be eligible for subsequent awards.
- A committee chosen by ACPE Federal Credit Union will review and select the winners.
- Winners will receive an ACPE Federal Credit Union Certificate of Achievement and a polo-style shirt with "ACPE Federal Credit Union - Super Heroes Club" embroidered on it. Winners will also have their name entered into one of two drawings for a vacation package provided by ACPE in recognition of their accomplishments.

Do not hesitate to contact me if you have questions.

Respectfully,

Marcia Dent, President
